

New Member

Karen

Cummings

Please welcome our newest Future Woman Pilot member: Karen Cummings. Karen is taking instruction at Ann Arbor Aviation with Taylor Powell. She hasn't soloed yet, but she passed her written on February 7, 2007.

Karen says she has wanted to fly for years, but was always too busy with family and her career as a physician assistant. Learning to fly was a gift to herself at 50! Karen would like to go on for her IFR rating; she is very interested in international medical missions and would like to be able to fly to areas to provide medical care.

Karen has two daughters, ages 14 and 20. She is also an avid runner (3 marathons!) and dressage rider.

Karen's email address is karenc@med.umich.edu

Please welcome Karen to the Michigan Chapter Ninety-Nines.
